

## Fund Fact Sheet

### MGF Aggressive Portfolio

October 2019

#### Fund Information

**Inception Date:** 01 July 2005  
**Fund Size:** R 16 037 million

#### Fund Objective

This is an aggressive investment portfolio. More money is invested in equities (shares) and less in fixed income investments and property. A greater return can therefore be expected but at an equally higher risk. A member, however, who is a long way from retirement, can tolerate such higher risk, as there is enough time to recover possible losses and create wealth.
