- Employees older than 16 and younger than 65 years of age employed by a participating municipality may join.

GOVERNANCE

Members at each participating municipality democratically elect member representatives and each municipal council appoints an employer representative. These employer- and member representatives constitute the General Committee of the Fund which meets annually. At these annual meetings of the General Committee the member- and employer representatives respectively elect members of the Management Committee. The Management Committee is the governing body of the Fund in accordance with the Pension Funds Act and the Rules of the Fund. The Management Committee is constituted as follows:

- 7 Member representatives
- 2 Employer representatives
- 3 Independent persons with special expertise in municipal matters, the pension fund industry or economic- and financial matters, appointed by the other members of the Management Committee.

The fund is registered in terms of the Pension Funds Act, under registration number 12/8/29256/2. The offices of the Fund are situated in Bedfordview with a limited staff component of 6 people. This front office is responsible for strategic communication, assistance to members in special circumstances, trustee services, secretarial services and monitoring of service providers.

They are responsible for all administrative functions with reference to the receipt and processing of contributions, payment of benefits, housing loans and updating member information.

Members can direct their enquiries regarding administrative matters to SEB (Coris Capital) at telephone (012) 683-3900 or toll-free 0800118334. They can also be visited at Lords Estates, Office Block 6, 276 West Avenue, Centurion.

INVESTMENT POLICY STATEMENT (IPS)

Being a defined contribution Fund investment risk is carried by the member. This means that the benefits levels are effected by market risks and members may sometimes experience negative return for short periods. In order to manage such risks the MGF adopted a Life Stage Model.

LIFE STAGE MODEL (LSM)

The MGF adopted an **Investment Policy Statement** in terms of which the investment objective is to generate sufficient returns, based on 40 years membership, in order to enable a member to buy a pension equal to 75% of pensionable salary at retirement. To reach this objective a long term investment approach is taken, resulting in **four life stage** portfolios, namely the **Aggressive-, Moderate- Conservative- and Protective Portfolio**. All assets of the Fund are invested in the standard asset classes namely equities (shares), fixed income, cash and properties. The combination of asset classes within each portfolio will differ according to the performance objective of the specific portfolio. Members are automatically allocated to the applicable life stage portfolio according to their age. The characteristics of the four life stage portfolios are as follows:

Life stage 1: Aggressive Portfolio (AP)

This portfolio is for members younger than 55 years of age. *See note on automatic transfer (next page paragraph in green).

This is an aggressive investment portfolio. More money is invested in equities (shares) and less in fixed income investments and property. A greater return can therefore be expected but at an equally higher risk. A member, however, who is a long way from retirement, can tolerate such higher risk, as there is enough time to recover possible losses and create wealth.

Life stage 2: Moderate Portfolio (MP)

This portfolio is for members 55 to 60 years of age. *See note on automatic transfer (next page paragraph in green).

A more moderate investment approach is followed. Less money is invested in equities (shares) and more in fixed income investments and property. The return may be less but the risk is also lower. It is suitable for older members closer to retirement who should not be exposed to the higher risks of the Aggressive Portfolio.

Life stage 3: Conservative Portfolio (CP)

This portfolio is for members 61 to 63 years of age. *See note on automatic transfer (next page paragraph in green).

These members cannot be exposed to much risk and therefore their money will be invested in fixed income investments, cash, structured products, hedge funds and absolute return products with no direct exposure to equities (shares) in order to protect their capital. It should be noted that structured products, hedge funds and absolute return products do have exposure to equities albeit hedged to a certain extent.

Life stage 4: Protected Portfolio (PP)

This portfolio is for members older than 63 years of age. *See note on automatic transfer (next page paragraph in green).

Members should not be exposed to investment risks during their last two years. The PP is invested in money market investments with almost no risk of capital loss but usually with low returns. The PP has no exposure to equities.

*Automatic transfer between the life stages (LSM default)

Members are automatically transferred without prior notice, from one life stage to the next as they reach the relevant age. This transfer is however not done at once when reaching the relevant age as the investment markets may be very low on such one specific day with negative results for a member migrating from the more aggressive to the more conservative next phase portfolio. To prevent such single day event, members are switched from one life stage to the next in four quarterly batches during the financial year. The first switch is done during July taking into account age next birthday as at 31 July. However new members being of the relevant age to be switched automatically when joining the Fund will not be phased in but will be allocated fully to the next LSM portfolio. As alluded to below, a member may always exercise in writing, a choice contrary to the automatic LSM default in writing subject to a split between a maximum of two LSM portfolios.

The Exit Portfolio (EP)

An Exit Portfolio, invested in cash, is used to protect the members' fund credits upon termination of membership until payment of benefits. As soon as a Termination of Membership form (MGF exit form) is received for a member the Fund Credit of such member is transferred to the Exit Portfolio. This does not form part of the member investment choices.

MEMBER INVESTMENT CHOICES

The Fund Credits of members are automatically invested in the relevant life stage portfolio according to age. However members may, subject to certain conditions, exercise a written choice if they wish to invest contrary to the applicable life stage namely AP, MP, CP or PP. Investment according to the life stage portfolios is an integrated investment model in accordance with the IPS (Investment Policy Statement). The probability is good to obtain the targeted return over a long term. Members should therefore be very cautious to chase short-term returns by electing contrary to the life stage portfolios, with possible disastrous results. Younger members' should be careful not to be over conservative and forfeit returns in the long run. Member Fund Credit may be split between the four portfolios (AP, CP, MP and PP) to a maximum of two portfolios. Members are therefore not allowed to be invested in more than two investment portfolios at any one stage. Members who exercised a member investment choice will remain invested accordingly until written notification to the Fund otherwise. If a member elects to split her/his investment between two portfolios, the different returns of each investment portfolio will cause a drift from the chosen percentages split. Members' Fund Credits will not automatically be rebalanced to the original chosen percentage split between the two portfolios. A new option form must be submitted when a member wants such rebalance.

Member investment choices may be done at any time in respect of the AP, MP, CP and PP. One choice per year is free of charge but subsequent choices require a switching fee. A member investment choice is usually implemented within three to five business days from receipt.

CONTRIBUTIONS

- **Members**

Members contribute at a minimum rate of 7,5% of their annual salary which contribution is allocated in total to the member's Fund Credit.

- **Employers**

For members who joined before 1 July 2012 the standard contribution rate of employers is 22% of a member's pensionable income. For members joining after July 2012 it is 18%. In total 5% is utilised to finance risk benefits (approximately 4.25%) and administration costs (approximately 0.75%). The balance of the employer's contribution is credited directly to the member's Fund Credit. Employers may, with the consent of members and the Management Committee, contribute at a lower or higher rate, subject to such conditions as imposed by the Management Committee.

- **Contract Appointments (total cost to council)**

Such members may structure their contributions according to their requirements but subject to the following minima:

5% (minimum) employer contribution.

7.5% (minimum) employee contribution.

There are other options that may be more tax efficient but such members are advised to contact the Fund Administrator or a tax expert to give them the necessary assistance.

THE COMPOSITION OF THE MEMBER ACCOUNTS

FUND CREDIT

All monthly contributions, excluding contributions to risk benefits and administration costs plus all bonuses be it positive or negative, are allocated to the Fund Credit account of members. Members will be able to see the value of their Fund Credit on a daily basis once they have registered on the website.

Although contributions accumulate in the member's Fund Credit account, it remains a Fund asset and accrues to the member only on termination of membership.

RETIREMENT AGE **See also notes further on.**

- Normal retirement age is 65 years.
- Members may voluntarily retire from age 50.
- An extended retirement age up to 69, on condition that the employer and member mutually agree accordingly, is allowed. The usual contributions will continue.

Although the benefit does not differ whether a member retires or resigns it may be tax efficient to retire rather than to resign. More information is available on request.
